

## CRAFT COCKTAILS

**baklava old fashioned** 15

redemption bourbon, cinnamon syrup, black walnut bitters, candied walnut

**greca negroni** 15

empress 1908 gin, roots diktamo, otto’s athens vermouth, orange

*Empress 1908 gin has a natural blue color that comes from herbal infusions among the botanicals; it’s not juniper-forward but, rather, gentle and sophisticated, blending wonderfully with Roots Diktamo (an amaro-like herb liqueur from Greece) and Otto’s, a Greek vermouth with hints of rose petal*

**cloudy sunday** 15

litchfield bourbon, roots kanela, roots diktamo, fresh-squeezed lime juice

*The name of the drink is taken for the song "Sinnefiasmeni Kyriaki (Cloudy Sunday)" which was written during the brutal Nazi Occupation of Greece.*

*The song talks about the singer's wait for the clouds to pass, a reference to the occupation. The slight bitterness of the Diktamo represents the suffering of the Greeks at the time, with the sweetness of the Roots Kanela (a sophisticated cinnamon tincture) representing better times ahead. The lime gives it the cloud, and the bourbon represents the strong character of the people that helped them to survive the occupation.*

**the socratic method** 14

litchfield bourbon, roots rakomelo, fresh sage

*Sage (for wisdom) is gently muddled and mixed with locally-produced bourbon from Litchfield Distillery and Roots Rakomelo, a honey-infused Greek grappa (don’t let the word grappa fool you, this isn’t fire water, it’s an elegant, smooth spirit)*

**greca mule** 13

tito’s handmade vodka, roots rakomelo, gosling ginger beer, fresh-squeezed lime juice, orange

**the rebetiko** 16

butterfly pea tea-infused barbayianni ouzo, plantation rum, chartreuse, simple syrup, fresh-squeezed lime juice

*Named for the Greek blues (rebetiko), our ouzo infusion tints the beverage a beautiful blue hue that becomes a light purple when mixed with the other ingredients.*

**speak to me of god** 15

stray dog gin, orgeat, fresh-squeezed lemon juice, pineapple juice, quince syrup, candied quince

*Essence of almond (from the orgeat) gives this exotic beverage it’s soft character. Named for a quote by Greek novelist and philosopher Nikos Katzantzakis: “And I said to the almond tree, ‘Sister, speak to me of god’, and the almond tree blossomed”.*

**dirty greca ’tini** 15

tito’s handmade vodka, caperberry with a splash of its brine

**greca ’rita** 15

illegal mezcal, italicus bergamont liqueur, pomegranate juice, lime juice

**kiss the fig** 12

figenza vodka, prosecco, blackberries

**the wine-dark sea** 16

tito’s handmade vodka, fresh lemon juice, simple syrup, mint, red wine float

*This drink takes its name from a line from Homer’s Odyssey and is as enigmatic, alluring and dangerous as the sea*

**whispers in the dark** 14

otto’s athens vermouth, effen blood orange vodka, prosecco, orange

**rakomelo & coke** 12

roots rakomelo, coke, squeezed lime

**the anthony quinn** 14

patron xo coffee liqueur, greek iced coffee frappe

*What do you name a drink that blends a spirit from Mexico with a coffee from Greece? Anthony Quinn was, of course, the Mexican-born actor who portrayed Greeks in several big Hollywood films, most famously as Zorba the Greek*

## NO-LO COCKTAILS

*Greca is proud to be at the forefront of the no- and lo-alcohol cocktail movement. Cocktails with **NO** capitalized below are no-alcohol while those with **LO** capitalized have approximately one half ounce of alcohol. We offer these cocktails only to individuals 21 or older, regardless of alcohol content. Cheers!*

**melissa and the muse** \* 14 ***NO-lo***

monday zero-alcohol gin, honey ginger syrup, fresh lemon juice

**flor del sur** \* 15 ***NO-lo***

spicy ritual zero-alcohol tequila, muddled cucumber, lime juice, fresh basil

**circe’s spell** 15 ***no-LO***

spicy ritual zero-alcohol tequila, effen blood orange vodka, lime juice, simple syrup

**bluegrass mule** \* 13 ***NO-lo***

ritual zero-alcohol whisky, gosling’s ginger beer, lime juice

\* all no-alcohol spirits contain have up to .05% alcohol, a natural result of the fermentation process
